

STRENGTH

OUR MISSION

We exist to create superior equipment that helps people find their best self. As the pioneer of green fitness solutions, we harness human energy to make the planet sustainable — one workout at a time.

AN ESTABLISHED INDUSTRY LEADER...

Leveraging over 40 years of innovative design and manufacturing excellence, SportsArt is an established leader in the fitness industry. The company consistently seeks to advance industry standards, positioning itself as one of the most creative manufacturers of premium quality fitness, medical, performance and residential equipment. SportsArt is one of the largest single brand manufacturers in the world and is sold in over 70 countries worldwide. With over 500,000 square feet of state-of-the-art manufacturing space, SportsArt designs, manufactures and tests all equipment to rigorous TÜV quality standards. With hundreds of patents worldwide for innovation technologies, such as the award winning ICARE™ system or the newly relaunched ECO-POWR™ Series, SportsArt is the leading green fitness partner, developing products that are instrumental to rebuilding and sustaining lives.

Using innovation and technology to make the best fitness equipment, SportsArt technology is advanced, from factory to final product. Robotic welders, computerized inventory management, multiple computerized powder coat lines, and an atmosphere control room for electronic testing are used in the SportsArt factory. These technological innovations ensure a consistent, quality product. Conducting business worldwide requires a commitment to product quality and safety. In addition to TÜV ISO 9001 quality certification, TÜV ISO 14001 certification for environmentally sound practices, and ISO 13485 Certification for Quality Managements Systems, SportsArt products are also CE and ETL-C approved. SportsArt has won industry awards for our unwavering support of commercial fitness dealers. Our commitment to service means your SportsArt equipment will be installed and set up by authorized, qualified dealers and service technicians. And, in the event that a SportsArt product needs service, authorized dealers and/or authorized service providers are available to provide service in order to maintain your warranty.

The Status Series selectorized premium strength line combines a sleek, modern design with world-class components and our dependable, industrial-quality manufacturing to bring you the whole package in every machine. Each machine is built to last in the most demanding commercial environments, with heavy gauge steel oval tubing, Kevlar-reinforced belts, internally lubricated cables with deep-channel pulleys and sealed bearings. Gas-assisted seat adjustments and contoured cushions ensure comfort and ease of use. Independent movement and biomechanically correct design accommodate users of any fitness or experience level, delivering measurable, targeted results in the shortest amount of time possible.

PRODUCT FEATURES

Gas-assisted seat adjustments allow users to quickly and easily change the height and angle of the seat without having to get off the machine. This ensures proper joint alignment to reduce stress and injury.

Contoured and molded seat pads provide comfort and ergonomic support for a variety of movements. Marine grade upholstery is tear-resistant and available in a variety of color combinations to complement any gym decor.

Incremental weight stacks allow users to adjust their resistance level by smaller amounts, helping to increase weight gradually and improve performance. This micro-adjustment feature is ideal for fine tuning weight increments for rehabilitation users.

Magnetized weight selector instantly locks into place, providing an easy to use and secure operation. The unique fork style design delivers more stability than selector pin alternatives, while the retracting cord eliminates clutter, keeps the selector within reach and prevents the forks from being lost or misplaced. Precision sound dampeners keep the stack motion as quiet as possible.

Kevlar belts provide a safe, smooth feel and eliminate drag for quieter operation. Internally lubricated aircraft cables have 2,200 lbs tensile strength and are adjustable to eliminate dedicated length cables and make for easy maintenance.

Range of movement adjustment ensures the cam is synchronized with users regardless of starting position. This allows exercisers to position themselves properly on the machine for correct biomechanics.

UPPER BODY

S911

ASSISTED CHIN DIP

- Adjustable and versatile multi-function handles for training in any style that works muscle groups from all angles
- Knee pad folds up and out of the way for unassisted training
- Dip bars and straight pull-up bars fold out of the way for greater accessibility
- Non-slip steps for easy access
- Marine grade double-stitched upholstery

S912

BICEP CURL

- Pivot point indicator aids user in achieving optimal elbow joint alignment
- Gas-assisted seat adjustment
- Weight selection easily adjusted from seated position
- Handles naturally rotate through range of motion to accommodate proper movement path
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S915

INDEPENDENT CHEST PRESS

- Independent converging press arms offer ergonomic motion and balanced muscle engagement
- Multi-position hand grips allow users to train muscles from multiple angles with proper hand positioning
- Gas-assisted seat adjustment
- Pre-rom foot bar assists in starting or stopping movement like a spotter
- Marine grade double-stitched upholstery

S916

INDEPENDENT LAT PULLDOWN

- Pivoting flex handles reduce joint stress and help prevent injury
- Biomechanically beneficial diverging motion
- Gas-assisted seat adjustment and adjustable thigh pads accommodate users of different sizes
- Marine grade double-stitched upholstery
- 2:1 ratio (1 hand) and 1:1 ratio (2 hands)

S917

INDEPENDENT SHOULDER PRESS

- Independent converging press arms offer ergonomic motion and balanced muscle engagement
- Pivot point indicators for proper joint alignment
- Handles rotate naturally throughout the motion and reduce wrist stress
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lb (1.5 & 3 kg) micro-loading adjustment

S918

LOW ROW

- Curved bar provides an ergonomic grip
- Weight stack position enables weight adjustment while seated
- Non-skid footplates
- Comfortable cushion suits exercisers of various sizes
- Marine grade double-stitched upholstery

S919

INDEPENDENT LATERAL RAISE

- Handles rotate naturally throughout the motion and reduce wrist stress
- Gas-assisted seat adjustment puts you in the proper position for action
- Foot rest helps maintain biomechanically correct exercise position
- Elbow pad increases stability and isolates lateral head of the deltoid
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S921

INDEPENDENT MID ROW

- Pivoting flex handles reduce wrist stress and help prevent injury
- Diverging motion for proper ergonomics
- Gas-assisted seat adjustment fits users of different sizes
- Chest pad adjusts to suit different arm lengths
- Marine grade double-stitched upholstery

S922

INDEPENDENT PEC FLY/REAR DELT

- Independent motion provides balanced training
- Long handles with dual grip zones provide workout options
- Handles pivot in/out to accommodate user of various size
- Dual function facilitates pec fly/rear delt workouts
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S923

PULLOVER

- Handles naturally rotate through the range of motion
- Adjustable handle positions accommodate different positions
- Range of motion limiter provides safety and comfort
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S925

TRICEP EXTENSION

- Pivoting flex handles reduce wrist stress and help prevent injury
- Upper back pad provides support and increases triceps isolation
- Gas-assisted seat adjustment and adjustable thigh pads accommodate users of different sizes
- Marine grade double-stitched upholstery

S926

LAT PULLDOWN

- Ergonomically curved bar provides wide or narrow grip options
- Gas-assisted seat adjustment and adjustable thigh pads accommodate users of different sizes
- Weight stack placement allows for easy load adjustment while seated
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S933

INDEPENDENT PEC DECK

- Independent press arms for equal muscle training
- Multi-grip handles accommodate different users
- Gas-assisted seat adjustment fits users of different sizes
- Foot rest helps maintain proper body alignment
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S931

ABDOMINAL CRUNCH

- Counter-weighted pivoting seat delivers a fluid range of motion
- Converging upper and lower body action engages more core muscles in one natural movement
- Back support keeps body stable to isolate abdominal muscles
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S932

BACK EXTENSION

- Adjustable start point for comfort and safety
- Back pad position adjusts for optimal placement depending on user preference
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S935

ROTARY TORSO

- Preload adjustment allows easy on/off access
- Range limiter makes motion comfortable from start to finish
- Lower body rotates to isolate core and hip motion
- Gas-assisted vertical seat adjustment fits all types of users
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

LOWER BODY

S951

ABDUCTION

- Seat positioned for ultimate privacy
- Centralized weight stack is positioned for easy weight selection while seated
- Adjustable start point for comfort and safety
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S952

ADDUCTION

- Seat positioned for ultimate privacy
- Centralized weight stack is positioned for easy weight selection while seated
- Adjustable start point for comfort and safety
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S955

GLUTE

- Adjustable chest pad accommodates users of all sizes
- Easy access design allows quick and safe use
- Non-slip foot pad for safety
- Secure, ergonomic handle grips
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S956

HORIZONTAL LEG PRESS

- Performs as leg press, hack squat and calf extension
- Seat back has a recline range of 90-180° with a smooth fingertip adjustment lever
- Shoulder pads adjust for a snug fit and varied lifting positions
- Spacious seat carriage moves smoothly via SportsArt's linear bearing system
- Marine grade double-stitched upholstery

S957

LEG EXTENSION

- Spring-assisted seat back adjustment supports users of different sizes
- Angled seat bottom reduces lower back stress
- Adjustable leg pad accommodates different leg lengths, allowing users to achieve proper leverage
- Range of motion feature allows user to customize start/stop range; perfect for rehabilitation users
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S958

PRONE LEG CURL

- Range of motion feature allows user to customize start/stop range; perfect for rehabilitation users
- Adjustable leg pad accommodates different leg lengths, allowing users to achieve proper leverage
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lbs (1.5 & 3 kg) micro-loading adjustment

S959

LEG CURL

- Multi-position seat back allows for users of all sizes
- Adjustable leg pad accommodates various leg lengths to achieve proper leverage
- Leg pads and range of motion adjustments are easily accessible from a seated position
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lb (1.5 & 3 kg) micro-loading adjustment

S961

TOTAL HIP

- Adjustable leg pad accommodates different leg lengths, allowing users to achieve proper leverage
- Marine grade double-stitched upholstery
- Incremental 3.3 & 6.6 lb (1.5 & 3 kg) micro-loading adjustment

S971

CABLE CROSSOVER

- Dual swivel pulleys adjust vertically and lock into place, allowing for functional training from virtually any angle
- 36 holes at 1.5 in apart allow for finer increments and more versatility
- Multi-grip pull-up/chin-up bars
- Easy-grip bars stabilize during balance-challenging workouts
- Ratio of 4:1 (one hand) & 2:1 (two hands) provides training versatility

S973

CABLE TOWER

- Dual swivel pulleys adjust vertically and lock into place allowing for functional training from virtually any angle
- 36 holes at 1.5 in apart allow for finer increments and more versatility
- Easy-grip bars stabilize during balance challenging workouts
- Ratio of 4:1 (one hand) & 2:1 (two hands) provides training versatility

DS972

FUNCTIONAL TRAINER

- Adjustable 2:1 and 4:1 pulley ratios
- Dual weight stack
- 41 pulley positions offer more workout positions and versatility
- Integrated pull-up bar
- Magnetized weight selector fork with retracting cord
- 7-piece accessory set included

2 Multi-D ring handles
Straight bar
Curved bar
Sports handle
Triceps rope
Ankle strap

UPPER BODY

S911 Assisted Chin Dip

Dimensions (L/W/H): 50.4 x 45.3 x 95.3 in / 128 x 115 x 242 cm

The Performance Series by SportsArt combines quality and value in a simple, easy-to-use strength line designed to fit any budget. Each unit is built using the highest quality materials and backed by over 40 years of excellence in fitness equipment manufacturing. The lowered stack height and compact footprint help to avoid visual clutter in smaller spaces, while adjustable seats and range-of-motion limiters ensure movements are comfortable and biomechanically correct. The result is a durable, value-engineered line that delivers maximum results in a compact design.

The Performance Series consists of 20 individual stations designed to train all the major muscle groups while offering the variety necessary to help users reach their goals. The machines are easy to use and provide a challenging workout that accommodates users of all levels, from beginners to advanced trainers.

PRODUCT FEATURES

Low profile weight stack tower with front and back protective shrouds maintain a clean, consistent design aesthetic and protect users from moving parts, providing a practical safety aspect to any gym facility.

Magnetized weight selector instantly locks into place, providing an easy-to-use and secure operation. The unique fork style delivers more stability than selector pins, while the retracting cord eliminates clutter and keeps the selector within reach. Precision sound dampeners keep the stack motion as quiet as possible.

The micro cable adjustment feature eliminates the need to remove and retighten cables.

The range of movement adjustment ensures that the cam is synchronized with the user regardless of the starting position. Pivot point markers help the user position themselves properly for correct biomechanics.

Contoured and molded seat pads provide comfort and ergonomic support for a variety of movements. Marine grade upholstery is tear resistant and available in a variety of color combinations to compliment any gym decor.

The premium precision steel plates incorporate a sound dampening system.

UPPER BODY

P711

ASSISTED CHIN DIP

- Economical design and 86.4" height supports limited spaces
- Biomechanically correct action and simple changeover adjustments
- Steps assist users of various sizes and abilities
- Quick-release platform knob makes changeover easy
- Marine grade double-stitched upholstery

P712

BICEP CURL

- Seat bottom adjustment provides for proper positioning
- Weight stack placement allows easy load adjustment
- Marine grade double-stitched upholstery

P715

CHEST PRESS

- Simple seat bottom height and back rest adjustment creates a quick setup
- Multi-position, cushioned handles provide ergonomically correct grip positions
- Marine grade double-stitched upholstery

P717

SHOULDER PRESS

- Simple seat bottom height adjustment creates a quick setup
- Dual position, cushioned handles provide ergonomically correct grip positions
- Marine grade double-stitched upholstery

P721

MID ROW

- Convenient seat height adjustment accommodates various heights
- Chest pad adjust to suit different arm lengths
- Marine grade double-stitched upholstery

P722

PEC FLY/REAR DELT

- Convenient seat height adjustment suits people of various heights
- Ergonomic handle design is comfortable in both pec fly and rear deltoid positions
- Marine grade double-stitched upholstery

P725

TRICEP EXTENSION

- Adjustable seat bottom and back providing proper biomechanical positioning for user safety and comfort
- Marine grade double-stitched upholstery

P726

LAT PULLDOWN

- Ergonomically curved bar provides wide or narrow grip options
- Adjustable thigh pad allows for optimal positioning
- Marine grade double-stitched upholstery

P733

PEC DECK

- Specially designed cams provide unparalleled ergonomics throughout the entire motion; offering a perfect start, strong finish, and smooth resistance for human biomechanics
- Convenient seat height and back rest adjustment suits people of various heights
- Ergonomic handle design is comfortable in both pec fly and rear deltoid positions
- Marine grade double-stitched upholstery

**P731****ABDOMINAL CRUNCH**

- Adjustable chest cushions help users maintain correct posture and select multiple starting positions
- Marine grade double-stitched upholstery

**P732****BACK EXTENSION**

- Adjustable back cushions, foot pegs and multiple starting positions help users maintain correct posture
- Marine grade double-stitched upholstery

**P735****ROTARY TORSO**

- Specially designed cams provide unparalleled ergonomics throughout the entire motion; offering a perfect start, strong finish, and smooth resistance for human biomechanics
- Convenient seat height adjustment suits people of various heights
- Marine grade double-stitched upholstery

P751

ABDUCTION

- Comfortable leg pads and foot support for ease of use
- Adjustable starting position allows for optimal range of motion
- Marine grade double-stitched upholstery

P752

ADDUCTION

- Comfortable leg pads and foot support for ease of use
- Adjustable starting position allows for optimal range of motion
- Marine grade double-stitched upholstery

P755

GLUTE

- Specially designed cams provide unparalleled ergonomics throughout the entire motion; offering a perfect start, strong finish, and smooth resistance for human biomechanics
- Convenient chest pad height adjustment suits people of various heights
- Marine grade double-stitched upholstery
- Non-slip footplate

P756

HORIZONTAL LEG PRESS

- Seat back proximity adjustment lever is conveniently located on the right side, near the handlebar
- Step-through design allows for easy entrance/exit
- Handles at side and top provides maximum stability
- 1:2 weight ratio means resistance feels twice as heavy as actual physical weight, keeping product weight to a minimum
- Marine grade double-stitched upholstery

P757

LEG EXTENSION

- Adjustable seat back cushion maintains correct posture
- Adjustable leg cushion provides optimal comfort for various leg lengths
- Multiple starting positions for full range of motion
- Marine grade double-stitched upholstery

P758

PRONE LEG CURL

- Specially designed cams provide unparalleled ergonomics throughout the entire motion; offering a perfect start, strong finish, and smooth resistance for human biomechanics
- Handlebars provide maximum stability
- Marine grade double-stitched upholstery

P759

LEG CURL

- Adjustable seat back cushion maintains correct posture
- Adjustable leg cushion provides optimal comfort for various leg lengths
- Multiple starting positions for full range of motion
- Marine grade double-stitched upholstery

A93

FUNCTIONAL TRAINER

Tower Features

- Three sets of rotating pulleys deliver maximum training options
- All pulleys are deep-grooved and shrouded to keep cables tracking properly
- Weight stack delivers smooth, silent operation
- Wide variety of accessory handles and carabiners come standard
- Total Motion Technology™ provides three sets of rotational pulleys for a wide variety of exercises

Bench Features

- Multi-position bench quickly and easily adjusts from flat to multiple inclines to shoulder press positions
- Adjustable lat hold down pads fit a wide variety of users
- Marine grade double-stitched upholstery
- Bench has transport wheels and EZ Lift handle

P771

CABLE CROSSOVER

- Dual swivel pulleys adjust vertically and lock into place, allowing for functional training from virtually any angle
- 36 incremental adjustments for the ultimate in customization
- Easy grip bars stabilize during balance challenging workouts
- 4:1 (one hand) and 2:1 (two hand) ratios provide versatility for personal and sport-specific training

P773

CABLE TOWER

- Dual swivel pulleys adjust vertically and lock into place, allowing for functional training from virtually any angle
- 36 incremental adjustments for the ultimate in customization
- Easy grip bars stabilize during balance challenging workouts
- 4:1 (one hand) and 2:1 (two hand) ratios provide versatility for personal and sport-specific training

UPPER BODY

P711 Assisted Chin Dip

Dimensions (L/W/H): 49.8 x 41.5 x 86.4 in / 1625 x 1054 x 2195 mm

Unit Weight: 475 lbs / 215 kg | Stack Weight: 220 lbs / 100 kg | Max User Weight: 500 lbs / 227 kg

P712 Bicep Curl

Dimensions (L/W/H): 50.6 x 42.5 x 57.5 in / 128.5 x 108 x 146 cm

Unit Weight: 370 lbs / 168.2 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P715 Chest Press

Dimensions (L/W/H): 44.1 x 58.3 x 57.5 in / 112 x 148 x 146 cm

Unit Weight: 377 lbs / 171.4 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P717 Shoulder Press

Dimensions (L/W/H): 53.5 x 56.3 x 57.5 in / 136 x 143 x 146 cm

Unit Weight: 379 lbs / 172.3 kg | Stack Weight: 176 lb (80 kg) | Max User Weight: 500 lbs / 227 kg

P721 Mid Row

Dimensions (L/W/H): 57.3 x 47.6 x 57.5 in / 145.5 x 121 x 146 cm

Unit Weight: 360 lbs / 163.6 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P722 Pec Fly/Rear Delt

Dimensions (L/W/H): 52.6 x 43.7 x 76 in / 1335 x 1110 x 1930 mm

Unit Weight: 365 lbs / 166 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P725 Tricep Extension

Dimensions (L/W/H): 54.3 x 41 x 57.5 in / 138 x 105 x 146 cm

Unit Weight: 407 lbs / 185 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P726 Lat Pulldown

Dimensions (L/W/H): 52.4 x 44.6 x 92.4 in / 133 x 113 x 235 cm

Unit Weight: 341 lbs / 155 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P733 Pec Deck

Dimensions (L/W/H): 56 x 33 x 77.2 in / 142.5 x 83.5 x 196 cm

Unit Weight: 365 lbs / 165.9 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

CORE

P731 Abdominal Crunch

Dimensions (L/W/H): 44.5 x 46.1 x 57.5 in / 113 x 117 x 146 cm

Unit Weight: 384 lbs / 174.5 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P732 Back Extension

Dimensions (L/W/H): 50 x 41 x 57.5 in / 126.5 x 104.5 x 146 cm

Unit Weight: 381 lbs / 173.2 k | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P735 Rotary Torso

Dimensions (L/W/H): 52.2 x 32.7 x 67.5 in / 133 x 83 x 171.5 cm

Unit Weight: 439 lbs / 199.5 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

LOWER BODY

P751 Abduction

Dimensions (L/W/H): 56.5 x 39.8 x 57.5 in / 143.5 x 101 x 146 cm

Unit Weight: 357 lbs / 162.3 kg | Stack Weight: 143 lbs / 65 kg | Max User Weight: 500 lbs / 227 kg

P752 Adduction

Dimensions (L/W/H): 56.5 x 39.8 x 57.5 in / 143.5 x 101 x 146 cm

Unit Weight: 357 lbs / 162.3 kg | Stack Weight: 143 lbs / 65 kg | Max User Weight: 500 lbs / 227 kg

P755 Glute

Dimensions (L/W/H): 45.9 x 40.6 x 57.5 in / 116.5 x 103 x 146 cm

Unit Weight: 311 lbs / 141.4 kg | Stack Weight: 143 lbs / 65 kg | Max User Weight: 500 lbs / 227 kg

P756 Horizontal Leg Press

Dimensions (L/W/H): 93 x 45.3 x 67.5 in / 2360 x 1150 x 1715 mm

Unit Weight: 487 lbs / 221 kg | Stack Weight: 440 lbs / 200 kg (with 1:2 pulley ratio)

Max User Weight: 500 lbs / 227 kg

P757 Leg Extension

Dimensions (L/W/H): 53.2 x 39.8 x 57.5 in / 135 x 101 x 146 cm

Unit Weight: 402 lbs / 182.7 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P758 Prone Leg Curl

Dimensions (L/W/H): 64.4 x 40.2 x 57.5 in / 163.5 x 102 x 146 cm

Unit Weight: 383 lbs / 174.1 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

P759 Leg Curl

Dimensions (L/W/H): 53.9 x 40.6 x 57.5 in / 137 x 103 x 146 cm

Unit Weight: 409 lbs / 185.9 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

FUNCTIONAL TRAINING

A93 Functional Trainer

Dimensions (L/W/H): 100.4 x 44.9 x 82.7 in / 255 x 114 x 210 cm | Folded Bench Dimensions (L/W/H): 62.2 x 22 x 46 in / 158 x 56 x 117 cm

Unit Weight: 438 lbs / 199 kg | Stack Weight: 154 lbs / 70 kg | Max User Weight: 500 lbs / 227 kg

P771 Cable Cross Over

Dimensions (L/W/H): 149.8 x 36.2 x 87.2 in / 381 x 92 x 222 cm

Unit Weight: 827 lbs / 375.9 kg | Stack Weight: 2 x 176 lbs / 2 x 80 kg | Max User Weight: 500 lbs / 227 kg

P773 Cable Tower

Dimensions (L/W/H): 41.1 x 36.2 x 83.1 in / 105 x 92 x 211 cm

Unit Weight: 325 lbs / 147.7 kg | Stack Weight: 176 lbs / 80 kg | Max User Weight: 500 lbs / 227 kg

The Dual Function Series by SportsArt combines quality and value in a simple, easy-to-use strength line designed to fit any budget. Each unit is built using the highest quality materials and backed by over 38 years of excellence in fitness equipment manufacturing. The compact footprint helps to avoid visual clutter in smaller spaces, while adjustable seats and range-of-motion limiters ensure movements are comfortable and biomechanically correct. The result is a durable, value-engineered line that delivers maximum results in a compact design.

PRODUCT FEATURES

The SportsArt Dual Function Strength Series is designed specifically to accommodate smaller spaces and budgets without compromising quality, warranty, or comfort. Our Dual Function Strength Series is the only line in this category to feature a DirectDrive™ dual cam system, providing unparalleled ergonomics all the way through the exercise.

Magnetized weight selector instantly locks into place, providing an easy-to-use and secure operation. The unique fork style delivers more stability than selector pins, while the retracting cord eliminates clutter and keeps the selector within reach. Precision sound dampeners keep the stack motion as quiet as possible.

Contoured and molded seat pads provide comfort and ergonomic support for a variety of movements and the marine grade upholstery is tear resistant.

The micro cable adjustment feature eliminates the need to remove and retighten cables.

The range of movement adjustment ensures that the cam is synchronized with the user regardless of the starting position and pivot point markers help the user position themselves properly for correct biomechanics.

The SportsArt Dual Function Strength Series is designed specifically to accommodate smaller spaces and budgets without compromising quality, warranty or comfort. Our Dual Function Strength Series is the only series in this category to feature DirectDrive™ dual cam system, providing unparalleled ergonomics all the way through the exercise.

The DF-206 is designed to offer a lower back or torso workout. During the lower back workout, our Contoured Cam System allows users to adjust their workout positions to optimize the entire motion.

DUAL

1
2

FUNCTION

To perform the torso workout, the user simply adapts their seating position and using the Contoured Cam System, adjusts the machine for an optimum workout.

UPPER BODY

DF203

LAT PULLDOWN/MID ROW

- Multi-position handlebars work different areas of the back
- Adjustable seat and chest pad to accommodate different heights
- Plate increments: 8 x 11 lbs (5 kg); 8 x 16.5 lbs (7.5 kg)
- Foot rests for stabilization

DF204

PEC FLY/REAR DELTOID

- Multiple starting adjustment points
- Ergonomic handle for both pec fly and rear deltoid exercises
- Plate increments: 8 x 11 lbs (5 kg); 8 x 16.5 lbs (7.5 kg)
- Adjustable seat

DF205

BICEP/TRICEP

- Direct drive system offers two opposing cams for less cable-slop and faster workout changeover
- Seat back and bottom are adjustable to accommodate different heights
- Plate increments: 20 x 11 lbs (5 kg)
- Heavy duty arm pad with chest support

DF207

ASSISTED CHIN-UP/TRICEP DIP

- Fold-away assist pad to offset user weight
- Rotating dip handles for width adjustment
- Plate increments: 20 x 11 lbs (5 kg)
- Integrated step assists for safety and user accommodation

DF208

MULTI PRESS

- Multi-position grip for improved biomechanics
- Adjustable starting position targets different muscle groups
- Plate increments: 20 x 11 lbs (5 kg)
- Innovative slide-out seat offers multiple lifting positions

DF206

BACK EXTENSION/AB CRUNCH

- Direct drive system offers two opposing cams for less cable-slop and faster workout changeover
- Fully adjustable chest/back pad
- Plate increments: 20 x 11 lbs (5 kg)
- Multiple foot supports for greater stability

LOWER BODY

DF200

LEG EXTENSION/CURL

- Direct drive system offers two opposing cams for less cable-slop and faster workout changeover
- Easy transition from leg extension to seated leg curl
- Plate increments: 20 x 11 lbs (5 kg)
- Adjustable seat back and leg pads for user customization

DF201

LEG PRESS/CALF EXTENSION

- Step-through design for safe and easy access
- 1:2 pulley ratio to increase resistance
- Plate increments: 8 x 11 lbs (5 kg); 8 x 16.5 lbs (7.5 kg)
- Fully adjustable seat back to accommodate users of different heights

DF202

ABDUCTOR/ADDUCTOR

- Direct drive system offers two opposing cams for less cable-slop and faster workout changeover
- Plate increments: 13 x 11 lbs (5 kg)
- Convenient rotating thigh pads

UPPER BODY

DF203 Lat Pulldown/Mid Row

Dimensions (L/W/H): 61.7 x 44.6 x 89 in / 1568 x 1134 x 2263 mm

Unit Weight: 486 lbs / 221 kg | Stack Weight: 220 lbs / 100 kg | Max User Weight: 500 lbs / 227 kg

DF204 Pec Fly/Rear Deltoid

Dimensions (L/W/H): 52.6 x 43.7 x 76 in / 1335 x 1110 x 1930 mm

Unit Weight: 408 lbs / 185.5 kg | Stack Weight: 220 lbs / 100 kg | Max User Weight: 500 lbs / 227 kg

DF205 Bicep Curl/Tricep Extension

Dimensions (L/W/H): 54.5 x 43 x 57 in / 1385 x 1095 x 1455 mm

Unit Weight: 480.7 lbs / 218.5 kg | Stack Weight: 220 lbs / 100 kg | Max User Weight: 500 lbs / 227 kg

DF207 Assisted Chin-Up/Tricep Dip

Dimensions (L/W/H): 49.8 x 41.5 x 86.4 in / 1335 x 1110 x 1930 mm

Unit Weight: 474 lbs / 215.5 kg | Stack Weight: 220 lbs / 100 kg | Max User Weight: 500 lbs / 227 kg

DF208 Multi Press

Dimensions (L/W/H): 55.7 x 58 x 65 in / 1414 x 1475 x 1654 mm

Unit Weight: 497 lbs / 226 kg | Stack Weight: 220 lbs / 100 kg | Max User Weight: 500 lbs / 227 kg

CORE

DF206 Back Extension/Ab Crunch

Dimensions (L/W/H): 44.6 x 44.2 x 57.2 in / 1132 x 1122 x 1453 mm

Unit Weight: 469.3 lbs / 213.3 kg | Stack Weight: 220 lbs / 100 kg | Max User Weight: 500 lbs / 227 kg

LOWER BODY

DF200 Leg Extension/Curl

Dimensions (L/W/H): 53.9 x 41.3 x 57.5 in / 1370 x 1050 x 1460 mm

Unit Weight: 490.6 lbs / 223 kg | Stack Weight: 220 lbs / 100 kg | Max User Weight: 500 lbs / 227 kg

DF201 Leg Press/Calf Extension

Dimensions (L/W/H): 93 x 45 x 67.5 in / 2360 x 1150 x 1715 mm

Unit Weight: 530 lbs / 241 kg | Stack Weight: 440 lbs / 200 kg (with 1:2 pulley ratio) | Max User Weight: 500 lbs / 227 kg

DF202 Abductor/Adductor

Dimensions (L/W/H): 41.5 x 56.5 x 57 in / 1055 x 1434 x 1453 mm

Unit Weight: 390.5 lbs / 177.5 kg | Stack Weight: 143 lbs / 65 kg | Max User Weight: 500 lbs / 227 kg

The Plate Loaded series by SportsArt is designed to accommodate users of any fitness or experience level and deliver measurable and targeted results. By combining key ergonomic factors, such as independent movement arms, diverging/converging motion paths, and adjustable seats, chest pads, and backrests, we are able to provide a functional unit that is not only built to last but built to meet the workout needs of its users.

A975

REAR KICK

- Adjustable chest pad
- Proper strength curve to achieve maximal results
- Hand grips to provide stability
- Non-slip footplate
- On unit weight horns for ample plate storage

A976

LEG EXTENSION

- Adjustable seat back
- Independently moving legs offers training variability and balance
- On unit weight horns for ample plate storage
- Hand grips to provide stability

A977

INCLINE CHEST PRESS

- Adjustable seat height
- Independent converging motion
- On unit weight horns for ample plate storage
- Multi-position grip

A978

WIDE CHEST PRESS

- Adjustable hand grips
- Adjustable seat height
- Independent converging motion
- On unit weight horns for ample plate storage
- Angled, adjustable hand grips reduce stress and accommodate all users
- Ergonomically angled seat back

A979

LOW ROW

- Adjustable seat height
- Adjustable chest pad
- Independent diverging motion
- On unit weight horns for ample plate storage
- Multi-position grip for training variability

A981

SEATED CALF RAISE

- Designed to train the calf muscles (soleus and gastrocnemius)
- Adjustable thigh pad restraint to accommodate various exercisers

A982

ANGLED LEG PRESS

- 3 position adjustable back rest
- 2 position adjustable foot plate
- Large non-slip foot plate
- On unit weight horns for ample plate storage

A983

SMITH MACHINE

- Welded steel frame
- Deep grooved pulleys for smooth cable tracking
- Chrome Olympic bar and plate racks
- On unit weight horns for ample plate storage
- Counter-weighted bar provides extremely low starting weight

A985

CHEST PRESS

- Adjustable seat back to train different chest muscles
- Adjustable seat height
- Independent converging motion
- On unit weight horns for ample plate storage

A986

LAT PULLDOWN

- Adjustable seat height
- Independent moving arms
- Naturally pivoting handles for improved comfort and mechanics
- On unit weight horns for ample plate storage
- Adjustable thigh pad provides comfortable leg support

A987

SHOULDER PRESS

- Adjustable seat height
- Independent converging motion
- On unit weight horns for ample plate storage
- Multi-position grip
- Wide frame ensures unit stability

A988

MID ROW

- Adjustable chest pad
- Adjustable seat height
- Independent diverging motion

A989

HACK SQUAT

- Adjustable back rest height
- Easy release safety lever
- Large foot plate
- Thick shoulder pads
- On unit weight horns for ample plate storage
- Multi-point starting point to fit users of different sizes
- Low-friction system provides smooth operation

PLATE LOADED

A975 Rear Kick

Dimensions (L/W/H): 54.2 x 45.7 x 56 in / 137.7 x 116 x 142.5 cm
Unit Weight: 194.7 lbs / 88.5 kg

A976 Leg Extension

Dimensions (L/W/H): 52 x 46.5 x 45 in / 132 x 118 x 114 cm
Unit Weight: 242 lbs / 110 kg

A977 Incline Chest Press

Dimensions (L/W/H): 59 x 69 x 59.3 in / 149.5 x 175.5 x 150.5 cm
Unit Weight: 235.4 lbs / 107 kg

A978 Wide Chest Press

Dimensions (L/W/H): 74.2 x 56 x 67 in / 188.5 x 142 x 170 cm
Unit Weight: 253 lbs / 115 kg

A979 Low Row

Dimensions (L/W/H): 63.2 x 53 x 67.2 in / 160.6 x 134.3 x 170.6 cm
Unit Weight: 246.4 lbs / 112 kg

A981 Seated Calf Raise

Dimensions (L/W/H): 64.6 x 24.8 x 40.6 in / 164 x 63 x 103 cm
Unit Weight: 118 lbs / 53.6 kg

A982 Angled Leg Press

Dimensions (L/W/H): 95.5 x 66.9 x 59.8 in / 243 x 170 x 152 cm
Unit Weight: 525 lbs / 238.6 kg

A983 Smith Machine

Dimensions (L/W/H): 72.4 x 100 x 89.6 in / 184 x 254 x 228 cm
Unit Weight: 608 lbs / 276.4 kg

A985 Chest Press

Dimensions (L/W/H): 60 x 55.9 x 59.3 in / 153 x 142 x 151 cm
Unit Weight: 225 lbs / 102.3 kg

A986 Lat Pulldown

Dimensions (L/W/H): 71.9 x 55.9 x 82.9 in / 183 x 142 x 211 cm
Unit Weight: 269 lbs / 122.3 kg

A987 Shoulder Press

Dimensions (L/W/H): 48.4 x 57.5 x 59.1 in / 123 x 146 x 150 cm
Unit Weight: 216 lbs / 98.2 kg

A988 Mid Row

Dimensions (L/W/H): 69.7 x 29.9 x 44.9 in / 177 x 76 x 114 cm
Unit Weight: 169 lbs / 76.8 kg

A989 Hack Squat

Dimensions (L/W/H): 89.4 x 64.6 x 58.7 in / 227 x 164 x 149 cm
Unit Weight: 377 lbs / 171.4 kg

SportsArt Free Weight Series is comprised of durable units designed with a simple-to-use functionality and premium features, such as gas-assisted/multi-point adjustments, high quality upholstery and a high-degree of variability to fit a variety of users.

A901

DUMBBELL RACK

- Welded steel frame
- Holds 10-pairs of dumbbells
- Rubber coated stirrups protect dumbbells

A902

OLYMPIC PLATE TREE

- Welded steel frame
- 12 weight horns for ample weight storage
- 360° access

A965

SQUAT RACK

- 6 rack heights
- Large safety catch
- Ergonomically angled uprights
- 8 weight horns for ample weight storage
- Hooks and catches have protective coverings to minimize noise and reduce wear on units

A966

POWER CAGE

- Adjustable J-hooks
- Adjustable safety bars
- 8 weight horns for weight storage
- Variable grip pull-up bar
- Resistance band hooks and pegs
- Suspension trainer anchor points
- Hooks and catches have protective coverings to minimize noise and reduce wear on units
- 19 safety bar adjustment points

A967

HALF CAGE

- Adjustable J-hooks
- Adjustable safety bars
- 8 weight horns for weight storage
- Variable grip pull-up bar
- Open rack for overhead lifts
- Resistance band hooks and pegs
- Hooks and catches have protective coverings to minimize noise and reduce wear on units
- 19 safety bar adjustment points

A991

ADJUSTABLE BENCH

- Welded steel frame
- High-density foam pads for comfort and support
- Comfortable grip handle and wheels for easy relocation
- Marine grade double-stitched upholstery

A992

FLAT BENCH

- Welded steel frame
- High-density foam pads for comfort and support
- Comfortable grip handle and wheels for easy relocation
- Marine grade double-stitched upholstery

A993

BACK HYPEREXTENSION

- Welded steel frame
- High-density foam pads for comfort and support
- Adjustable thigh pads fits a variety of users
- Comfortable grip handle and wheels for easy relocation
- Marine grade double-stitched upholstery

A994

LEG RAISE/CHIN-UP DIP

- High quality cushions at the backrest and forearm to comfortably stabilize the user during operation
- Sturdy construction, welded steel frame
- Marine grade double-stitched upholstery
- Step-up point for safe entry and exit
- Multi-position handles for training variability

A995

CRUNCH BENCH

- Welded steel frame
- High-density foam pads for comfort and support
- Bench angle and leg pads adjust for a variety of training options
- Marine grade double-stitched upholstery

A996

OLYMPIC FLAT BENCH

- Welded steel frame
- High-density foam pads for comfort and support
- Marine grade double-stitched upholstery
- Hooks and catches have protective coverings to minimize noise and reduce wear on units
- Three support heights to accommodate any user size

A997

OLYMPIC DECLINE BENCH

- Welded steel frame
- High-density foam pads for comfort and support
- Marine grade double-stitched upholstery
- Hooks and catches have protective coverings to minimize noise and reduce wear on units
- Three support heights to accommodate any user size

A998

OLYMPIC INCLINE BENCH

- Welded steel frame
- High-density foam pads for comfort and support
- Marine grade double-stitched upholstery
- Hooks and catches have protective coverings to minimize noise and reduce wear on units
- Three support heights to accommodate any user size
- Spotter platform increases exercise safety
- Adjustable seat height fits a variety of users

A999

PREACHER CURL BENCH

- Welded steel frame
- High-density foam pads for comfort and support
- Adjustable seat
- Marine grade double-stitched upholstery
- Hooks and catches have protective coverings to minimize noise and reduce wear on units

BENCHES

A991 Adjustable Bench

Dimensions (L/W/H): 55.1 x 22.2 x 17.9 in / 140 x 57 x 46 cm
Unit Weight: 104 lbs / 47.3 kg

A992 Flat Bench

Dimensions (L/W/H): 53.2 x 22.2 x 16.7 in / 135 x 57 x 43 cm
Unit Weight: 50 lbs / 22.7 kg

A993 Back Hyperextension

Dimensions (L/W/H): 53.2 x 30.3 x 27.2 in / 135 x 77 x 69 cm
Unit Weight: 93 lbs / 42.3 kg

A994 Leg Raise/Chin-Up Dip

Dimensions (L/W/H): 59 x 39.8 x 92.2 in / 149.8 x 101.2 x 234.3 cm
Unit Weight: 272.8 lbs / 124 kg

A995 Crunch Bench

Dimensions (L/W/H): 53.2 x 30.3 x 27.2 in / 135 x 77 x 69 cm
Unit Weight: 93 lbs / 42.3 kg

A996 Olympic Flat Bench

Dimensions (L/W/H): 55.5 x 51.6 x 48 in / 141 x 131 x 122 cm
Unit Weight: 128 lbs / 58.2 kg

FRAME COLORS

SportsArt strength equipment is coated with durable, metal-flecked powder coat which is furnace baked, then covered in a high quality clear coat, resulting in a durable finish that resists scratches, aging, and discoloration from oil or disinfectants.

SportsArt strives to offer a wide array of options and our all new frame colors allow facility operators the ability to customize and match a multitude of frame color with dozens of upholstery options. Contact your authorized SportsArt distributor today for more information.
